## NSCF 2022 Chapter of the Year Award

NSCF Chapter of the Year Award recognizes small and large chapters who have enjoyed an exceptionally successful year furthering their respective NSCF Chapter purpose, to wit: perpetuate the legacy of values, traditions, and history of the Navy Supply Corps throughout the lives of members in the Supply Corps Community, to engage its members in professional development, community involvement, charitable endeavors, and social interaction. In so doing, the Chapter strives to promote "esprit de corps" and camaraderie among and between Supply Corps professionals within its defined geographical area. Chapter(s) of the Year will receive either a framed certificate or suitable memento. Resources will be budgeted to offset the cost of a local event to recognize the Chapter award, as well as global recognition via *The Oakleaf*, NSCF website and social media channels.
